QUERCETTI, giocare intelligente in modo eco-friendly

70 anni di attività sempre fedeli alla nostra mission di produrre, rigorosamente in Italia, i migliori giocattoli educativi sul mercato.

Una storia lunga di successi e riconoscimenti che fanno di Quercetti una brand heritage unica nel panorama internazionale con un patrimonio di valori e conoscenze che ogni anno ci permettono di uscire con sempre nuovi prodotti vicini alle esigenze di sviluppo e crescita dei bambini.

Vogliamo avere anche un ruolo di grande responsabilità nei confronti delle nuove generazioni impegnandoci a ridurre l'impatto ambientale delle nostre lavorazioni e utilizzando materiali riciclati o bio sostenibili.

QUERCETTI, eco friendly smart play :

Our mission, since 70 years of activity, is always to produce the best educational toys in Italy.

A heritage of successes and awards make Quercetti a unique brand on the international scene with a wealth of values and knowledge that every year allow us to release new products that further the development and growth needs of children.

We also want to have a role of great responsibility towards the new generations by committing ourselves to reducing the environmental impact of our processes and using recycled or bio-sustainable materials.

STEAM è un approccio moderno all'apprendimento e significa, per noi, progettare giocattoli che, attraverso la scienza, la tecnologia, l'ingegneria, l'arte e la matematica, stimolano i bambini a fare esperienze di grande valore educativo.

STEAM is a modern approach to learning. It involves designing toys which use science, technology, engineering, art and maths to stimulate children to gain experience with a high educational value.

FAMILY GAME

È il gioco che mette alla prova il tuo **senso dell'equilibrio** e le leggi di gravità. Ogni giocatore, a turno, deve **posizionare le mele rosse e gialle** sulla chioma dell'**albero vacillante**, cercando di non far crollare tutto: riuscirai a **mantenere il controllo** e a evitare il disastro?

It's the game that tests your **sense of balance** and the laws of gravity. Each player, in turn, must **place the red and yellow apples** on the crown of the **swaying tree**, trying not to make everything collapse: will you be able **to maintain control** and avoid disaster?
